

INSTRUCTIONS

- 1.** Fully retract the awning to its closed position. (Motorized models: Unplug and secure power cord.) **Note:** Ensure your awning's fabric is completely dry and free from any debris before using awning cover.
- 2.** Slip awning cover over the entire awning.
- 3.** Securely tie straps around the covered awning to prevent them from coming loose during windy conditions.

MAINTENANCE

To best care for your awning cover:

- If dirty, clean awning cover with a wet towel or vacuum with a soft bristle brush.
- Let cover completely dry and remove any debris before storing away.
- When not in use, always store away in a dry, clean environment.

LIMITED 1-YEAR WARRANTY

Product or Shipping damages:

Please contact your point of sales within 7 days of delivery.
