

Retractable Awning Easy Pitch™ Adjustment Setting Guide

Side view

NOTE

The illustration features the range for the adjustable Easy Pitch™ mechanism at an install height of 10ft. (305cm). The awning's install height is **not intended to serve as a mandatory height requirement**. Advaning recommends an install height of 8~10ft above the ground for best front bar clearance. Please consult with a professional installer should any questions arise on the proper anchorage requirements for your specific installation.

Height Distance from Ground to Front Bar when Awning is Fully Extended

Awning Size	5° Max Setting	15° Factory Setting	45° Lowest Setting
8' x 6'	111.3"	97.6"	62.6"
8' x 7'	111"	97.2"	61.4"
10' x 8'	109.5"	93"	49.9"
12' x 10'	107.8"	87.5"	35.4"
13' x 10'	107.8"	87.8"	36.2"
14' x 10'	107.8"	87.5"	35.13"
16' x 10'	107.8"	87.5"	35.13"

The listed measurements are averaged between series' and are for general reference only. Note: Deviation/Error ± 1~3%
