

Advaning is a leading awning manufacturer specializing in crafting top quality, user friendly awnings. The retractable line of products is engineered to surpass industry standards. Robust in construction, easy to use features at attainable prices is a big part of why so many choose Advaning to shade their homes and businesses.

Some key features to note is the use of 6063-T5 aluminum alloy structural components, along with 316 grade stainless steel cables that ensure your investment can be relied on for many seasons. Premium fabrics sourced for their lasting color, breathability, and beauty. Whether you are designing a custom home, working with a compact space, or furnishing a large commercial facility, Advaning stands ready to be there for you, every step of the way.

EASY PITCH™ SYSTEM

Easily adjust the canopy's pitch angle with a simple twist of the included hand crank for maximum shade coverage.

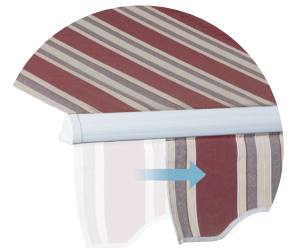

TOP QUALITY HARDWARE
Stainless steel 304 architectural paneling and 316 marine grade screws for wood/masonry structural applications

PREMIUM FABRICS
Highly breathable 100% Acrylic fabric offers UV protection without trapping hot air or moisture like vinyl and polyester canopies.

STRONGER COMPONENTS
Retractable arms inlaid with two stainless steel 316-grade cables offer superior corrosion resistance and strength over traditional powder-coated steel cables.

REMOVABLE VALANCE
Easy removal of the front valance for a modern contemporary look, or keep the valance on for classic look.
