Advaning is a leading awning manufacturer specializing in crafting top-quality, user friendly awnings and related products. Our polycarbonate line of products are designed to enhance any exterior with their unintrusive modern design. Incorporating only the highest-quality Bayer virgin raw, virtually unbreakable, solid polycarbonate sheets. In addition to their superior strength, our polycarbonate is infused with an 80+UV protectant that helps keep your doors and window shades from harmful sun damaging and fading UV light.

Advaning's polycarbonate awnings are a DIY-friendly, durable solution for your outdoor space. Constructed with high-quality components, our affordable awnings provide excellent value for the price. Whether you're a homeowner or involved in a commercial project, Advaning is here to support you every step of the way. Trust in our commitment to assist you in creating the perfect outdoor environment.

## SOLID POLYCARBONATE ADVANTAGE

Be weary of cheap imitations with hollow polycarbonate panels. These lesser products collect condensation resulting in mold and mildew build-up which is impossible to clean.
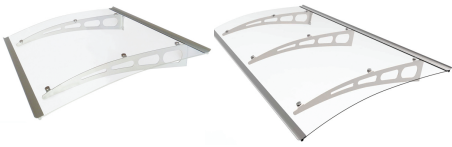

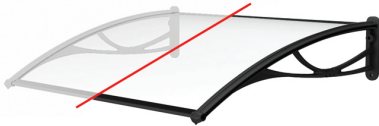

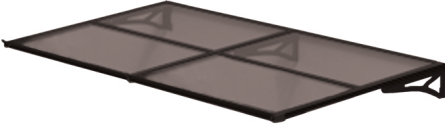

Hollow polycarbonate sheet panels
